

## Plastic alternatives activities

Language to pre teach-

- Alternatives
- Could / should /would (can be used to create sentences such as- You could use..... You should use..... I would use.....)
- Plastic
- Name of items on flashcards

Activity

- Learners to look at flashcards in groups and think of alternatives that could be used. Use language above to create different types of sentences.
- Ask learners which items they use ( I use..... I don't use...) Learners can ask each other which items they use and report back answers. (Do you use.....? He/She uses/doesn't use)
- Ask learners to plan a 'green' party using as little plastic as possible.
- Use the flashcard to talk about why plastic is bad for the environment. Before showing the learners the flashcards, ask them to name plastic products we use in our everyday lives.

# Flashcards
